

Headteacher: Mr James McGeachie

22 March 2018

Dear Parent/Carer

Unifrog – The Complete Destinations Platform

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school we will now be using Unifrog; an award-winning, online careers platform. From the end of next week all students in Year 8 will have access to this excellent website.

Unifrog can be used to help students make informed decisions about their GCSE subject choices as it brings into one place every college, apprenticeship and university course in the UK, making it easy for students to compare the different pathways and choose the best option for them. It is also a useful tool for exploring the subjects which students can study at higher levels, based on their favourite subjects at school as well as their wider interests. Additionally, the platform helps students write applications and CVs for work experience by guiding them through the process and allowing teachers to give live feedback.

Students will login for the first time during form time using a sign-up code which is unique to their form group. After that they will be able to login using an email address and password and they can do so from any computer, tablet or smartphone. Over the coming months we will use Unifrog during tutor time to support students through the process of deciding their next step.

We would also encourage you to use Unifrog at home with your child when discussing future pathways with them. In order to do this, we have set up a parent login so that you can use Unifrog as if you were a student yourself, allowing you to truly support your child. The form code you need is: parentbecket and you can sign up here: www.unifrog.org/code.

If you have any questions related to this platform, please do not hesitate to contact me directly via the school's telephone number or via email j.jacobs@becketonline.co.uk.

Yours sincerely

Jenny Jacobs
Careers, UCAS and Progression Leader
