

Year 12

Summer Transition Work

German- Edexcel

[Leader of Learning - Mrs Simpson](#)

YEAR 12 GERMAN

TRANSITION FROM GCSE TO A LEVEL

SUMMER HOLIDAY PREPARATION TASKS

In order to succeed in the German A-level course you will need to become a

VERY GOOD COMMUNICATOR

The tools required for this can be summed up with the same three letters **VGC**

V= Vocabulary

G= Grammar

C= Confidence

During the summer please do some work on these three areas.

1) **Vocabulary**

Learn all the vocab from Year 11. Learn these from German to English; and English to German. We will test you on some of them in year 12

2) **Grammar**

Learn the “fab 4” verbs these are essential for success as they are so widely used

3) **Confidence**

Watch a film. it is difficult to learn how to be confident! However you will feel more confident if you make the most of any opportunities to listen to German and speak German during the holidays.

Maybe you are lucky enough to be spending some time in a German speaking country, where your listening and speaking skills can be practiced;

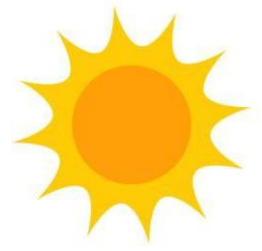

Perhaps you have German friends you can chat to via social media.

There are also lots of great German films around which you can watch with subtitles on to give you more confidence.

If you can, please buy or watch the film **“Goodbye Lenin”** with the English subtitles on.

This film will be part of your year 12 German course so watching it over the holidays will be a really good start to the course.

Gute Ferien!

If you have any questions please do not hesitate to contact Mrs Simpson by email.
